

Gerco Apprenticeship Scheme

As Gerco embarks on a journey to build on its success of the last decade, we are now entering a renewed period of growth. Harnessing the exceptional performance across Europe, and in particular recognising our position as a leading specialist in construction, I am delighted to launch the Gerco Apprenticeship Scheme.

With our people at the heart, we continue to employ the best and invest to be the best by focusing on our employee value proposition whilst continuing to deliver excellence, compliance, and peace of mind to our clients.

We bind our core competencies of quality, integrity and innovation, and deploy our expertise to deliver reliable and efficient services in the areas of high tech fit out, BIM services, passive fire protection and turnkey fit out.

Operating in the UK, Ireland and nine other European Counties, Gerco's workforce comprises eleven different nationalities. Led by Headquarters in Scotland, the Gerco Apprenticeship Scheme creates opportunities to work across the UK and Europe.

To learn more about Gerco, I invite you to visit us at gerco-group.com, and I look forward to receiving applications for the Gerco Apprenticeship Scheme starting Summer 2026.
